

End of Year Update - 2023

Leadership Framework

This is an update on Towards Transformation Leadership work from October to December 2023.

Things that happened in September

Learning disability working group

The learning disabilities working group did more filming for the two films they are working on.

They decided which questions they want to ask the staff working in health services.

Autism working groups

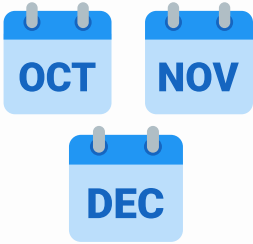

The Autism Informed Services group made more content for a film they are making. They started searching for an agency to make the films.

The GP group decided what will be said in the film they are making and put this in a document called a script.

Leadership Framework

Things that happened between October and December

Autistic Drivers – GPs and practice staff

The GP and practice staff working group filmed for their short film in November. Autistic people took part in the film.

They also worked on what will be included in the posters.

Autistic Drivers – Autism Informed Services

The Autism Informed Services worked with an agency to decide what their next short films will be about.

They had an in person meeting to decide what will be done with the films when they are ready.

Learning Disabilities working group

The learning disability working group shared their two films at a meeting on 2 November. They talked about why the film is important and how they found being part of the filming.

Events

There were two meetings with the Drivers, Allies, Engineers in October and November to talk about the work.

Maree Todd was also at the meetings, she is the Minister for Social Care, Mental Wellbeing and Sport.

Maree Todd MSP

At the update, Miss Todd said that the work the Drivers have been doing is important. She also said that having autistic people and people with learning disabilities be part of the work is very helpful.
